Due to the volume of authorizations requiring amendments to reflect this change, the Deputy Assistant Secretary for Defense Trade Controls is exercising the authority under 22 CFR 126.3 to waive the requirement for amendments to change currently approved license authorizations. The amendment waiver does not apply to approved or pending agreements.

All currently approved DSP authorizations identifying the old name and address will not require an amendment to reflect the new name and address. A copy of this website notice must be attached to the currently approved license by the license holder.

Pending authorizations received by DDTC identifying the old name and address on the license will be adjudicated without prejudice. A copy of this website notice must be attached to the approved license by the license holder.

New license applications received **30 days after the effective date** identifying the old name and address on the license will be considered for return without action for correction.

The agreement holder will be responsible for amending their agreement. Change of name and address may be made as part of the next major amendment. The agreement holder will be responsible for amending their agreement. No new DSP-83s need to be executed.

Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer by the agreement holder. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.

A copy of this website notice must be maintained by the license holder and presented with the relevant license to U.S. Customs and Border Protection at time of shipment.
